

Press Release: 25th August 2016

Titus Salt School celebrates GCSE results and success with STEM

Titus Salt School is celebrating its GCSE results today.

Headlines include:

- **99.6 % pass rate;**
- **one in five entries were awarded the top marks of A* or A;**
- **43% of GCSE entries were awarded A*,A or B;**
- **a strong performance in STEM** subjects with Science subjects reporting **A*-C of 95%;**
- the percentage achieving the **English Baccalaureate (EBacc)** remains above the **national for both boys and girls;** and
- using the Government's new **Progress 8 measure, students have performed well** compared to the rest of the country.

Headteacher Ian Morrel said,

"I am delighted that Titus Salt School students have secured some very good grades. Our STEM subjects continue to do very well with, for example, Sciences in the 90% for A-C as well as our EBacc subjects such as history and geography where results are again strong.*

These grades represent a great success for students, their families and members of staff who have invested so much in their achievement this year. My congratulations, thanks and appreciation to everyone who has worked with us to help our Year 11 achieve"
